

QUALITY POLICY

Message from the CEO

Quality is of paramount importance at Wang Pharmaceuticals and Chemicals. Our policies guide our actions to deliver a safe and compliant product. At Wang Pharmaceuticals and Chemicals, we are focused on delighting our customers with high-quality and safe products. As part of our efforts, everyone is engaged, empowered and responsible in taking actions to fulfill our goal; to protect our customers and our brand.

There are certain value drivers that our company abides by:

1. Quality
2. Supply/Demand Match
3. Time to Market
4. Customer Feedback
5. Process Improvement
6. Asset utilization
7. Labor
8. Inventories

At Wang Pharmaceuticals and Chemicals, engagement, teamwork, demonstrating integrity and activating leadership are crucial for achieving our goals. Our educated, trained and skilled workforce works hard towards that goal and our Quality team has an oversight of the entire Quality Management System.

Our Quality Policy ensures that we are meeting all the requirement of all major regulatory approvals. Also, we ensure that our Quality Policy is monitored and updated regularly.

At Wang Pharmaceuticals and Chemicals, everybody is responsible for their actions so that there is no compromise on the safety and quality of our products. We are committed and passionate about our goal and we believe in getting it right, the first time!

Chief Executive Officer

Our Commitment

Wang Pharmaceuticals and Chemicals is dedicated to delivering safe and premium quality products to customers. Our focus is to delight our customers.

Since the beginning of production, the laboratory function has been of paramount importance. At every stage of our supply chain cycle, quality is of utmost importance. Our operations are driven by best-in-class technology and processes that abide by all major stringent regulatory approvals.

Our Quality Team ensures that every product that is manufactured and distributed by us complies with all accepted good practices and standards of quality, purity, efficacy and safety. The team also ensures that the latest updates in cGMP are appropriately converted to guidelines, standard operating procedures (SOPs) and protocols.

Each employee at Wang Pharmaceuticals and Chemicals is committed to maintaining a system and processes that comply with the requirements of GMP in order to ensure that our operating procedures meet FDA standards.

Each personnel are accountable for ensuring product safety and quality.

How we work:

- Each employee takes full responsibility for the quality of their work. We believe in working accurately to a high standard at all times.
- We believe in achieving success through continuous improvement. Our employees support each other and learn from each other at every step.
- All our employees have the appropriate education, training and skills required to carry out their work efficiently and accurately, in compliance with regulations and our policies.
- All our records and documents are handled in compliance with regulations and our policies.
- Wang Pharmaceuticals and Chemicals abides by regulations from FDA, GMP, ISO, FSSAI, HALAL and KOSHER.

Our Quality Policy is put into practice through our Quality Management System which is managed by our highly skilled and trained employees. Our Quality Policy is regularly monitored to ensure if it is up to date. Our performance is regularly reviewed to ensure that we meet our goal; safe and high-quality product in order to delight our customers.
